

Investing for Success

**Under this agreement for 2018
Blackall State School will receive**

\$114,400*

This funding will be used to:

- improve student reading comprehension across all year levels, within the Australian Curriculum:
 - Develop consistent practices across the early years, using the teaching strategies associated with the Literacy Continuum.
- implement Positive Behaviour for Learning processes:
 - Decrease minor student behavioural issues and increase learning time.
- implement whole class, small group and individual speech programs in order to improve student outcomes
- purchase classroom resources to support the teaching and learning program.

Our initiatives include:

- strengthening the focus on Early Years outcomes from Prep to Year 3:
 - Focus on improving reading comprehension for all students.
- focusing on strengthening classroom practices for literacy rotations within the Early Years
- implementing Positive Behaviour for Learning systems.

Our school will improve student outcomes by:

- | | |
|----------------------------------------------------|------------|
| • Wages – speech pathologist | \$ 18,000 |
| • Wages – classroom support (early years literacy) | \$ 67,193 |
| • Positive Behaviour for Learning resources | \$ 5,000 |
| • Teaching resources | \$ 24,206. |
