INFORMATION PRIVACY

The Queensland government has laws which regulate the information that schools collect on enrolled students. The Information Standard 42 (Information Privacy) does not allow information that has been collected by our school to be passed on to the Parents and Citizens Association. This includes the names and contact details of parents and students who are enrolled at our school.

To make communication between the P&C and all enrolled families more efficient we are asking you to consider giving your consent, in writing, to allow your names (of both students and their parents/guardians) and contact details such as address, phone, fax and email to be share with the P&C.

You are under no obligation to give your consent and if you choose not to than the school will not release information to the P&C.
